**Puppy Kindergarten:** This 4-week course is one of the most important things that you can do with/for your puppy. We focus on socialization where we “vaccinate” your puppy against scary things in their environment. We also discuss a variety of topics including biting, jumping and enrichment and begin training some important foundation behaviors using positive reinforcement techniques and tools. The class fee is \$72.00

**Foundation Course:** Our foundation course begins by discussing how your dog learns and what tools we can use to make learning fun for both of you. In this 5-week course we train for multiple behaviors not limited to polite leash walking, sit, down, attention to owner, recalls and resting on a mat. The class fee is \$115.00.
